# LAST MINUTE GIFT

## G·U·I·D·E

**M**etropolis has never been bound by the traditional definitions of magazines. In dealing with gift buying, we leave it to the last minute, our December issue. This section is for readers who did not have time to save all the gift idea sections that you received in October. Now when the pressure is on to find a gift that is well designed, and unusual or special, look through the Metropolis Last Minute Gift Guide and *find that gift*. There is no time left to rush from store to store in a frenzied attempt to finish your shopping. Find the perfect gift in the following selections of the new or unusual.
